Washington, D.C. 20204

To Whom It May Concern:

MMS Pro, Inc. wishes to notify the Food and Drug Administration that it has, within the past 30 days, commenced marketing a dietary supplement which bears a statement under Section 403(r)(6) of the Federal Food, Drug and Cosmetic Act.

The dietary supplement for which the statement is made is Indole Pro. The dietary ingredient that is the subject of the statement is diindolylmethane. The statement reads as follows:

"Scientific research shows diindolylmethane increases the level of 2-hydroxyestrogen (good estrogens) while reducing the level of 16-hydroxyestrogen (bad estrogens)."

This statement is accompanied by the required disclaimer which is prominently displayed in bold-faced type.

The information contained in this notice is complete and accurate and the above statement is based on data which renders these statements substantiated, truthful and non-misleading.

Sincerely,

MMS PRO, INC.

Gordon M. Walker
General Counsel
